

Announcement

Friends and Patrons:-

After Wednesday Nov. 8 I will be opening up with a complete line of Drugs, Toilet Sun. dries, Patent Medicines and Surgical Goods, along with my present line of Stationery and Books, and I will be in a position to meet your wants in any of these lines. Being a Graduate with 8 years experience in the drug business I consider myself in a position to fill your prescriptions satisfactorily. I only solicit your business knowing that I can satisfy you and would not consider myself entitled to a continuance if I could not merit your confidence.

The Stationery Department will remain in charge of a lady as heretofore and we do not purpose slighting it at all but to carry a complete range of goods.

Our store is undergoing considerable changes and we have a complete line of drug fixtures, silent salesmen etc. so we can display our goods in a manner to please.

I trust you will call and inspect our line when convenient, and can guarantee the courtesy you are entitled to besides honest treatment in our dealings.

Remember we will remain in the old Huthing's Stand as heretofore

has always been to carry the standard and desirable goods in every line. That is why we choose Kodaks for our photographic department. We felt sure from careful investigation that these were the goods that should be offered our customers. From our years of experience we now know that we were right.

Remember we are Sole Agents for KODAKS in this city.

A Hot Discussion at Council

The regular meeting of the City Council, called for Tuesday evening, Nov. 14, was held at 8 o'clock in the evening.

After the adoption of the minutes and the reading of the correspondence, the Fire Chief Whitehead requested a winter uniform, and six pairs of mitts for the brigade. This was granted. J. A. Grant wrote that the gas well was now down 45 feet, and requested a payment of \$1250 on account. This was the cause of a lengthy and pointed discussion. Mr. Grant was present and said he was sorry of the delays that had occurred, but as it was impossible to get repair work done in the West, he was greatly handicapped. If the council was not satisfied with the progress the well was making, he would sell the drilling outfit, now in good condition, for the city, now in good condition, and the city could make better progress if they could.

Ald. Angus said he was not satisfied with the progress of the well; there was apparently unnecessary delay. Ald. Glin wanted some explanation. The people were disgusted with the progress. It was over two years since the money was voted and the people wanted to see some results. The city had been supplying fuel for the Grant outfit long enough.

Ald. Chandler thought the fault was that Mr. Grant had not given his personal attention to the well, but as he had promised to give it better attention, it was all that could be expected. The account passed on motion of Wagner-Ellis.

The resolution passed on motion of Wagner-Ellis. The resolution passed on motion of Wagner-Ellis. The resolution passed on motion of Wagner-Ellis.

The report of the Chief of Police Fraser was read, showing that ten convictions had been obtained during October, netting the city \$6.00 in fines. The report was filed.

ENGINEER TAYLOR EXPLAINS CONDITION

In an interview with a Times reporter Mr. Taylor has given the following information in regard to the condition that deprives the city of water and power at the present time. Referring to the cause, Mr. Taylor stated that "we have not had sufficient fuel to run our plant, and what we have had has been of such an inferior grade that it has been almost impossible to keep things going. This poor fuel contains so much moisture and tar that it put our tar extractor out of business, and until we get regular fuel, which will not be on hand for some time, we are unable to give both water and power."

Referring to the question, "Why have you not got a supply of good coal on hand?" Mr. Taylor explained that when the present council called for tenders on coal, and accepted the lowest bid of \$1.50 per ton at Wetaskiwin, he then stated that the price was too low to expect any kind of coal, and as several customers had three or four alternations down to see the coal, as he was putting up a bid at the time.

How long in present conditions existing at the present time, he stated that this machinery has not yet been shipped, it will be at least two months before we can guarantee satisfactory service.

E. J. DAVIES FOR ALDERMAN

Having been requested by a number of ratepayers to stand for election to the City Council, I beg to announce that I will submit my name for nomination.

I would respectfully urge for the consideration of the Electorate that in the event of being elected I stand for the following:

(1) The necessity of ensuring a sufficient supply of suitable fuel for all the requirements for the city of Wetaskiwin, in order that the consumers may rely on an adequate supply of electricity, and that efficient action may be taken in the event of a shortage.

(2) The investigation of the condition of the city of Wetaskiwin, in order that the consumers may rely on an adequate supply of electricity, and that efficient action may be taken in the event of a shortage.

COMMUNICATION

(We do not necessarily acknowledge the contents of this, or any other communication, appearing under this heading.)

To The Editor Wetaskiwin Times, Sir, Will those who know the facts kindly explain why it was that on Wednesday night the electric light plant was kept running until 11 p.m., while for several nights before the citizens were without any light at all. The fact that an entertainment was held in the Angus Theatre on Wednesday night and that Ald. Angus had a share of the proceeds from the entertainment, anything to do with this discrimination in treatment of the town? And light was circulated around town prior to the entertainment guaranteeing good light. Why should one citizen, an alien, too, be able to arrange for his business entertainment, being supplied with light, while all the other citizens have to suffer the annoyance, inconvenience and expense of being without light? Behold, we are at any light at all.

Yours very truly,
E. J. DAVIES

The ladies of the Altar Society of the R. C. church are having a tea and cooling sale at the home of Mrs. A. M. Myelson, on Thursday, Nov. 23rd, from three to six. Everybody cordially invited.

Mrs. W. H. Odell held her post mortem reception on Friday afternoon. The bride who was beautifully garbed, was assisted in receiving by Mrs. Gilmour, of Lacrosse, who used the callers into the pretty shades of white and pink chrysanthemums was presided over by Mrs. W. Macfarlane. Mrs. Roberts and Miss Goulie assisted.

Mr. R. H. Chadwick, superintendent of the Children's Aid, for the Province of Alberta, was in Wetaskiwin, Nov. 14th, on Tuesday. Mr. Chadwick spoke at length on his particular subject at length and suggested that the Hospital Board here act as the local agency for the district and also place in the name of some individual Pros. do not want anything left of their hands.

"THE FORT GARRY" HOTEL WINNIPEG

Adjacent to the ruins of that historic monument "Old Fort Garry," memorable in the early history of Canada's now Western metropolis is being erected "The Fort Garry," truly representative of greater Winnipeg—a magnificent edifice—to rank with the world's finest hotels, embodying in its construction the most advanced scientific and architectural ideals. Located in the very heart of the city, to which all lines of traffic converge, it is readily accessible to the railroad and electric car lines and within a radius of a few blocks of most of the leading theatres, while one minute's walk will place one among the largest and most pretentious of the grand stores in the centre of the shopping districts, or enable one to reach the great new terminal station of the G. T. P.

"The Fort Garry" to be constructed by the Grand Trunk Pacific will be built of the finest of Canadian granite and ball lime stone, in the style of the old French Chateaux of Normandy and Touraine and will rise its stately towers to fourteen stories. The building is to have approximately three hundred and fifty sleeping chambers and will be richly furnished in faultless taste. All its bedrooms are to have private bathrooms and are to be equipped with every approved modern appointment. Nothing that would in any way contribute to the comfort and culture of its guests has been overlooked in the preparation of the plans and interior arrangements.

The keynote of "The Fort Garry" as judged from the design and interior arrangements is to be "homelike comfort." From basement to roof top, every detail of construction and furnishing has been worked out in perfect accord with this idea, and every effort is being made to secure the maximum of personal enjoyment and refinement to its guests—a place where comfort-loving people might enjoy life to the utmost and feel thoroughly at home.

The main entrance of the hotel faces on Winnipeg's most beautiful thoroughfare "Broadway" and opens up on a spacious and imposing entrance which will present in its decoration and refinement the cheer and comfort provided within its walls, and from which one may enter the spacious dining, tea rooms and cafe. The central feature of the main floor is the circular tea-room of impressive and beautiful design, unbroken by columns. lofty in height, and finely lit by broad windows and circular domed ceiling.

The Mesquine Gallery is also to be a novel feature of "The Fort Garry" and is obtained by the introduction of a story midway between the office door and the parlors. It is reached by a broad marble staircase from the main entrance lobby, and is to be finished and decorated in white and delicate shades of color. It overlooks the entrance lobby, dining room, cafe and tea room, and will be used as ladies' parlor, writing room and library. It commands a splendid view of those portions of the hotel where the most life occurs, and yet at the same time affords a quiet scene of retirement.

The ball room, banquet hall and foyer have been located on the second floor. These rooms are of the richest of the public rooms, and have been so arranged with separate kitchen service, reception and dressing rooms so as to in no way interfere with the privileges of the guests of the hotel. The ball room is designed in the latest style of the modern period, and will be the striking of its kind in Canada. Immediately in front of the foyer of the ballroom and banquet hall is a beautiful Loggia, 30 feet in width, forming a promenade for the entire width of the building, and commanding a view of the entire city of Winnipeg.

The building, as a whole, will form a fine example of what modern science can do in the elimination of fire risk. Every girder, beam and rafter is fireproof.

A WEAK ACHING BACK Caused Not Much Misery.

Mrs. W. R. Hedge, Felling, Sask., writes: "A few weeks ago I was afflicted by Dr. Cass's Kidney Pills. For this last year I have been troubled very much with a weak aching back, and a weak aching back, which caused me much misery. For I could not work, and had no energy for anything. My kidneys were very badly out of order, and kept me from sleeping at night. I tried many kinds of pills and medicines, but it seemed almost impossible to get any relief. I then tried Dr. Cass's Kidney Pills, and in a few days I felt much better. I am now able to work, and I am thankful for the relief I obtained from them. For now I can never mention a weak aching back, or a weak aching back. I will always say Dr. Cass's Kidney Pills for mine and can highly recommend them to any sufferer."

is to be of non-expansive steel, every partition of terra cotta, every floor of marble tile or cement, and the stairways of iron. It is to be absolutely fireproof, and while every precaution has been taken to insure absolute protection of life and property been devoted to its sanitation and the safeguarding of health.

The bathrooms are to be models of sanitation and simplicity and are to be equipped with porcelain fittings and fixtures in every detail. The work. The are of comfortable and so placed as to be in direct communication with every technic in the hotel.

Notable feature of the residents' portion of "The Fort Garry" are the several state and family apartments on every floor from the second to the seventh. These consist of an ant room, drawing and dining rooms, the necessary bedrooms, each suit having its own private bath and bathroom. The remaining rooms on these floors, and the rooms of the upper floors from the seventh to the eleventh are divided into smaller rooms and suites, small single comparison with the spacious state apartments already described, and each having its own private bathroom, twenty per cent of which are outside rooms, lighted and ventilated by adequate windows. No treatment of the interior which affects appearance will be permitted. The color tones are to be in perfect harmony and the furniture is to be made to order in special designs such as one would ordinarily find in private homes of distinction.

There is not the dark or uninviting chamber of the entire building and comfort and convenience have not been sacrificed to secure a maximum of accommodation. Large closets have been provided in every chamber, and in the hallways there are commodious cloakrooms, equipped with every modern device.

Calgary, Nov. 10.—In the Anglican synod yesterday afternoon the Bishop of Calgary called to the attention of the synod the alarming increase of bronchitis in southern Alberta. He said that the Anglican diocese arrangements with the Methodist and Presbyterian to unite a force under the government to the effect of introducing religious teaching the schools. The annual report of the department of Indian Affairs shows the Indian population of Canada to be 102,661.

We are so positive our remedy will permanently reconstitute no matter how chronic may be that we offer to furnish medicine at our expense should it produce unsatisfactory results. It is worse than this to attempt to cure oneself with cathartic drugs, laxative, emetics, etc., much harm. These are reaction, irritate and weaken bowels and tend to run on a chronic course. Besides the becomes a habit that is dangerous. Constipation is a by a ventricle of the nervous system, the large intestine clogging colon. To expect permanent cure you must therefore tone up strengthen the system and resist to healthy activity.

We want you (Read Order) to see our recommendation. They are excellently pleasant, being eaten like candy, for ideal for children, delicate and old folks, as well as a robust. They act directly on the bowels and muscles of the bowels apparently have a neutral and other associate organs or if they do not produce cathartic experience, nor create any trouble whatever. They may be taken any time, day or night. They are very effective in chronic or habit formation, if of rot of nutrient, and the marvels of constipation treatment. They are made of purest ingredients, no harmful elements, with no harm for a reasonable time. 12 tablets, 10 cents; 25 cents 50 tablets, 40 cents. In Wetaskiwin, only at the—The Retail Store, H. L. BRONCHITIS

Was So Choked Up She Could Hardly Breathe.

Bronchitis is an acute inflammation of the mucous membrane lining the air tubes of the lungs, and should never be neglected, for if it is very often the disease becomes chronic, and then it is only a short step to consumption.

On the first sign of bronchitis Dr. Wood's Norway Pine Syrup should be taken, and thus prevent its becoming chronic.

Mrs. John D. MacDonald, College Grant, N.B., writes: "My little girl, seven years old, caught a bad cold which developed into bronchitis. She was so choked up she could hardly breathe. Knowing about your wonderful medicine, Dr. Wood's Norway Pine Syrup, I decided to try a bottle, and with such good results that I got another which completely cured her. I cannot say too much in its praise, and should not be without it in the house."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper, three parts from the trade mark, price 25 cents. Manufactured by The T. Millers Co., Limited, Toronto, Ont.

HOCKEY MEETING

The second meeting of the Wetaskiwin Hockey Club was held in the Merchants Bank building November 13th, with W. Beckett in the chair.

After a very lengthy discussion Mr. E. A. L. Smith presented the following agreement, namely: "I agree to pay necessary traveling expenses of W.S.C. team for season 1911-12, provided members of club pay over regular skating tickets an extra fee of \$2.00 for hockey tickets, and also man-
ager of rink to take to all gate receipts of games played here."

That terms presented by E.A.L.S. 1th be accepted. Carried.
Mr. P. A. Miquelon and Charles Mc-
Murry were then appointed to convey the town with a subscription list in support of hockey.

Moved by McMurdo-Smith — That W.H.C. furnish all skates and puck necessary for the regular games. Carried.
Moved by Barrett—Older—That C. D. McMurdo be appointed official referee for the W.H.C. games for coming season. Carried.

After a short discussion it was generally decided that "Tuesday and Thursday of each week be regular hockey practice nights."

Moved by McMurdo — That a committee of one, consisting of W. Beckett be appointed to attend the league meeting when same is called club to pay necessary expenses he may incur. Carried.

Moved by Welles—R. Beckett — That meeting be adjourned until further notice. Carried.

FARM LANDS and CITY PROPERTY

Pursuant to Instructions of The Trusts & Guarantee Company, Limited, Official Assignees, Assignees of the Estate of A. W. Gunn & Sons, Insolvents.

There will be offered for sale by public auction on Saturday, the 25th day of November 1911, at 2 o'clock p.m., at George L. Owen's Auction Rooms, in the City of Wetaskiwin, the following property, consisting of:

1. The North-West Quarter of Section 4, Township 45, Range 22, West of the Fourth Meridian, in the Province of Alberta.

There are 45 acres under cultivation with a log house and barn on this land. There is also a mile and a half of wire fence on the place.

The soil is a black loam with a clay subsoil and the whole quarter is rolling.

2. The South-West Quarter of Section 2, Township 45, Range 22, West of the Fourth Meridian, in the Province of Alberta.

This land is unimproved and rolling. There is sufficient hay land on this quarter to average about 40 tons of hay per year. This land is fenced all around, with the exception of some sloughs. The soil is rich black loam with a clay subsoil.

These lands are situated about 11 miles from Wetaskiwin and 24 miles from Lewistown P. O.

3. Lots 1 and 2, Block 35, Plan M 4, in the City of Wetaskiwin, together with house and buildings standing thereon.

The house is a 2 story frame house with 7 rooms.

This property is subject to a mortgage to the B. C. Permanent Loan Co., which shall be assumed by the purchaser. Particulars of the said mortgage may be obtained on application to the undersigned Loggie & Manley.

The property will be put up in three lots. The farm lands in separate lots, the house and the City property separately.

The property will be offered for sale subject to a reserve bid on each of the said parcels, which reserve bid has been fixed by the Assignees.

The standing conditions of sale of the Supreme Court of Alberta shall apply to this sale.

The purchasers shall at the time of sale deposit with the auctioneer 10 per cent. of the purchase price, and shall sign a contract to purchase and shall pay the balance of the purchase price within 10 days without interest. Further particulars may be obtained from
